Subject: RE: Red and Bonita - Removal Assessment Report - 2014

Jan,

I realized that I had not commented on this report. January came and then ND happened. So, now that we have some better accuracy on the pond size, I would like to change that figure to be more accurate. Also, what do you have for pH of the adit water – undisturbed ? I didn't see it in the data or summary. I believe it's about 5.5 su ??

Thanks,

Steve

Subject: Removal Assessment Report

Steve,

Please see the attached Removal Assessment Report for the Red and Bonita Mine site. The report summarizes removal assessment activities during 2013 and 2014.

Please let me know if you have questions or comments or if you need a hard copy of this report.

Thanks.

Jan Christner
